Property Development Division:

“Glenlea Estate” Mt Barker (50% interest)

Following the full sale prior to 30 June 2025 of Glenlea Estate, the Company’s residential subdivision project in Mount Barker, SA, the Company is now managing the returning of certain bank guarantees held in relation to the project and various construction elements which are expected to complete in stages over the next 12 months. The divestment of this project enables the Group to focus on becoming one of the leading providers and innovators in real estate payments and automation.

The Company’s cash reserves for the September quarter decreased by \$2,625,000 predominantly due to the repayment of a corporate loan facility. Subsequent to year end, the Company raised ~\$1m through a placement as announced on 14 October 2025 to add to the quarter-end cash balance of \$500,000. Further, Shareholders have been asked to approve further capital injections into the Company of \$1,675,000 by Directors via equity and convertible notes at the upcoming AGM on 27 November. The Company continues to diligently monitor and manage its future capital requirements for its various activities on an ongoing basis to achieve the optimal financial balance.

Aggregate amount of payments to related parties and their associates are for director fees and salaries and wages, as well as for costs incurred on behalf of the Company in the ordinary course of business, which were reimbursed at cost.

There were no other substantive changes to business activities during the quarter. Authorised for release by the Board.
